Hi Mike C,

I ran RCRAInfo reports this morning for the California 2014-2018 Permitting GPRA Baseline (4 reports attached; 2 in pdf and 2 in excel). This is what RCRAInfo is showing to date. I know that Carole has done few updates that will be reflected after the Envirositor upload to RCRAInfo which will take place on or before 3/17/2014.

Let me know if you need anything else.

Best regards,

Hi Mike,

Do you have the final 2018 GPRA baseline list that we locked down couple weeks ago? Please send me a copy so that we can use it to plan our projects. Thanks.
